Invitation

The Faculty of Architecture at TU Delft is proud to announce the launch of its 5th master track: Landscape Architecture, starting in September 2010. You are invited to attend the official opening of the track and the adjoining symposium 'The Landscape model' on Tuesday the 31st of August from 2 pm to 5 pm in the East Serre of the Faculty of Architecture in Delft.

Symposium

The opening of the founding year of the MSc track Landscape Architecture at the TU Delft features a seminar on the 'landscape model'. Despite the challenges of scale, the subtlety of landscape form, and the difficulties of representing landscape processes and change, physical models have become a central tool in Landscape Architectural research and practise.

A selection of models showing the development of the landscape model and the diversity of techniques and applications with which it is used, are to be exhibited in the east serre during the opening of the 2010/2011 academic year.

The exhibition opens with a seminar in which various modelmakers are invited to present and discuss techniques and applications with students, academics and guests. Christophe Girot, professor in Landscape Architecture at the ETH Zurich will introduce the seminar and give an overview of the historical and contemporary context of the landscape model.

Programme

2:00 pm

Welcome

Prof. Ir. Wytze Patijn
Dean of the faculty of Architecture, TU Delft

2:15 pm

Introduction to the new Landscape Architecture programme

Assoc. Prof. René van der Velde
Chair of Landscape Architecture, TU Delft

2:30 pm

Introductory lecture 'The Landscape model'

Prof. Christophe Girot
Institut für Landschaftsarchitektur, ETH Zurich

3:00 pm

Break

3:15 pm

Presentations & discussions Landscape models

Assoc. Prof. Inge Bobbink
Chair of Landscape Architecture, TU Delft

5:00 pm

Drinks

Including models from:

Bureau Hoesper, B+B, Ingrid Siliakus,
HNS, Search, OMA, Rietveld Landscapes
+ Atelier de Lyon, Anna Holtrop, Vista,
Wageningen UR, West8, TU Delft, Anouk Vogel
